

LIVE IN PARADISE

You'll want to stay forever and embrace the laidback sophistication of a Palm Cove lifestyle. Oceans Edge offers you the chance to live in an oasis of mature palms, lush gardens and quiet manicured streets.

ULYSSES BUTTERFLY

Keep an eye out for the beautiful Ulysses Butterfly... the symbol of Tropical Queensland. Also known as the Blue Mountain Butterfly, it is one of the largest butterflies in Australia.

MAGNIFICENT MELALUCAS

Visitors to Palm Cove marvel at the beauty and sheer size of the Melaleuca trees that line the Esplanade and streets of Palm Cove. Reputed to be hundreds of years old, these magnificent trees are a unique and protected feature of Palm Cove, and are carefully integrated into the foreshore buildings and even the internal floor spaces of many restaurants and resorts.

SOUNDS OF THE NIGHT

The Bush Stone-curlew is a night-feeding local that is the source of that distinctive bird-call you may be noticing in the evenings. Once quite common Australia-wide, their numbers have been declining in southern regions due to loss of habitat and predation by foxes and feral cats.
